

## British Club in Gothenburg

### Dear all

The get-together and treasure hunt in Slottsskogen was well attended, with 20 people making 7 teams and multiple winners. One of the more difficult questions was how many owls can be seen at the bird house (fågelhuset). Questions and answers can be found on the webpage: [www.britishclub.se](http://www.britishclub.se)

### Please take note!

Just in case you have stashed some readies under the mattress – be aware that soon they won't be worth the paper they are printed on. The last day to use the old paper £20 and £50 notes is September 30, 2022. For now, Forex is still taking them to exchange into SEK (cash only).

### Age is not a limiting factor

For those of you looking for some inspiration to get out and do some exercise, have a look at the 'No Limits' exhibition by the British photographer Alex Rotas. She has been photographing the physical and mental endeavours of athletes over the age of 60. The exhibition is currently outdoors at *Slottsskogsvallens entrépark* on Margretebergsgatan.

The athlete in the nearest photo is 71-year-old Ian Richards from the UK, competing in the 3000 metres race walk in the 70–74 age group.

## Elk calves are born scentless

If you happen to be in Slottsskogen then you might take the opportunity to see the newborn elk calves. There were two again this year.
